# INTRODUCTION

Founded in 2006 by Charl Johnsen, LFC Construction (Pty) Ltd excels in providing top-tier construction services, specializing in retaining walls, gabions, hard landscaping, and small civil works.

Based in the Western Cape but operating nationwide, we specialize in turn-key projects that cater to the industrial, commercial, and residential sectors. Our commitment to quality and comprehensive capabilities enable us to take on the most demanding projects."

Clients are assured excellence in delivery, underpinned by the dedication of highly skilled professionals committed to service throughout each project.

We offer end-to-end services, ensuring projects meet client demands and budget with a strong focus on safety and regulatory compliance.

---

# OUR MISSION

Our mission is to deliver exceptional construction services by embracing complex challenges and converting them into opportunities to demonstrate our expertise.

We prioritize client satisfaction through meticulous attention to detail, rigorous adherence to industry standards, and a relentless pursuit of excellence.

LFC Construction

---

# OUR VISION

LFC Construction aspires to be the contractor of choice across Africa, recognized for our unparalleled service and innovative solutions in the construction of retaining walls, gabions, hard landscaping, and small civil works.

We aim to set new standards in quality and efficiency, driving progress and sustainability in every project we undertake.

# SERVICES

**Specialized Retaining Walls:** LFC Construction excels in specialist installations of Terraforce and Loffelstein retaining walls, even under challenging conditions, ensuring durability and precision.

**Gabion Structures:** LFC Construction is proficient in designing and constructing gabion walls and structures, providing effective and aesthetically pleasing solutions for erosion control and landscaping.

**Hard Landscaping:** LFC Construction offers expert hard landscaping services, including the construction of pathways, patios, and other outdoor features that enhance the functionality and beauty of any space.

**Small Civil Works:** LFC Construction is skilled in executing small-scale civil works projects, delivering quality results with attention to detail and efficiency.

# KEY PROJECTS AND EXPERIENCE

**LFC Construction**

Our project portfolio includes retaining wall solutions for residential and commercial properties. Using only the best products, techniques and design solutions.

Our portfolio also includes several technical applications in the small civil sector. With bespoke projects completed to solve unique problems.

# HEROLD'S BAY

## Specialized Retaining Walls Residential

**Challenge:** LFC Construction addressed a complex challenge in Herold's Bay by rebuilding a failed retaining wall to support a 9.3-meter high embankment with parking for four cars on top.

**Solution:**

- Safety First: Implemented rigorous safety measures to secure the site.
- Debris Management: Removed unusable debris and prepared the foundation.
- Engineering Excellence: Constructed the wall using L11 Terraforce blocks, integrated with essential drainage systems.
- Aesthetic and Functional Enhancements: Installed Terraforce 4x4 step blocks for steps and side walls, enhancing both the utility and appearance.

**Outcome:** The project not only rectified the initial failure but also showcased LFC Construction's capability to deliver sophisticated, engineering-focused solutions with aesthetic appeal.

# SAFETY & COMPLIANCE

---

Safety is a cornerstone of our operations at LFC Construction. We rigorously enforce South Africa's safety regulations and go beyond compliance to incorporate international best practices into our procedures. Regular training sessions and audits are conducted to ensure that our team and subcontractors always operate in the safest possible environment."

# COMMUNITY INVOLVEMENT & CSR

---

Our commitment to community upliftment is demonstrated through ongoing contributions to local sports teams, schools, and elderly care facilities. We believe in supporting the communities where we operate, not only through our construction projects but also by empowering local residents and promoting sustainable community development.
